The 5 Love Languages Dr Gary Chapman

We all know that the greatest commandment is to love. However, relatively few of us know how to express our love in the heart language of our family and friends. Fortunately, in *The Five Love Languages* Gary Chapman identifies the five primary love languages and teaches us how to use these languages to express our love.

Love & Respect

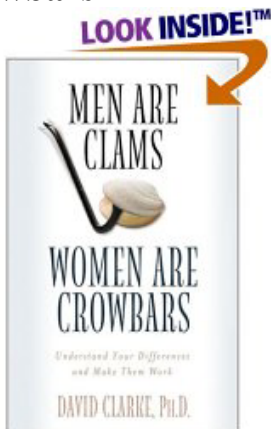

Dr Emerson Eggerichs

Discover the secret that cracks the communication code between husbands and wives and reap the benefits of marriage as God intended. Citing extensive biblical and psychological research, Eggerichs shows that harmony and happiness in relationships is not achieved by love alone, but by building on both parts of the Ephesians 5:33 equation: love and respect.
